Military Men Oppose Mac's Plan-Marshall

Washington (AP) — Secretary of Defense Marshall testified yesterday he believes the nation's top military men stand solidly against Gen. Douglas MacArthur's war plans for Korea. Marshall said adoption of the MacArthur policies might cripple the buildup of Europe's defenses.

The defense chief insisted the MacArthur proposal to bomb and blockade Red China and use Chinese Nationalist troops might draw Russia into the conflict and touch off a third world war.

And he named Gen. Dwight D. Eisenhower, commanding the North Atlantic pact forces in Europe, and Gen. Matthew B. Ridgway, who succeeded MacArthur, among those he believes support the Truman administration's present limited-war program.

Marshall gave these views to the Senate Armed Services and Foreign Relations committees as he ended his seventh day of testimony in the inquiry into the firing of General MacArthur.

The next witness at 10 a.m. today will be Gen. Omar N. Bradley, chairman of the Joint Chiefs of Staff. Like Marshall and MacArthur, he also wears five stars.

MacArthur told the committees 10 days ago that "every officer I have talked to" shared his views on the Korean war. He said Ridgway's official reports would show agreement also.

But Marshall took issue with him on this score during a day in which Chairman Russell (D-Cal.) of the Armed Services group said secrets "of possible value to Russia" already have leaked from the hearing.

Russell pleaded with his colleagues not to disclose highly secret testimony which censures have deleted from the public transcript.

He said: "If any action of ours adds even remotely to the dangers that face our fighting men, if carelessness or indifference increases the perils that face our nation, neither our God nor our fellow citizens will ever forgive us, nor would we deserve such forgiveness."

Russell said at least two newspaper stories have been based on evidence which was not in the release transcript and he called this "a dangerous course." He did not identify the stories.

Two Republican senators—Hickenlooper of Iowa and Ives of New York—complained that the administration has been leaking information to some newspapers for a long time—but they supported Russell in his plea.

British Troops May Go To Iran

London (AP) — Trouble-shooting troops of Britain's crack 16th Independent Parachute Brigade group rushed last night to assembly areas at Aldershot, near London, under orders to get ready for an undisclosed emergency assignment.

Are they intended for Iran? Strong indications are that the Labor government intends to take firm measures if Iran insists on nationalizing the huge British oil interests there without first trying to negotiate a settlement.

Senate Passes Crowe Measure

The State Senate at Harrisburg yesterday passed and sent to the House a bill that would grant occupational disease benefits to nurses contracting tuberculosis from serving in hospitals and sanatoria. The measure was sponsored by Sen. Montgomery F. Crowe (R-Monroe).

Transfer Ordered

New York (AP) — Removal of Julius Rosenberg, doomed atom spy, to Sing Sing prison's death house was ordered yesterday. Rosenberg, 32, has been in the Federal House of Detention here since he and his wife, Ethel, 35, were sentenced last April 5 to death for atom-spying for Russia. His wife already is in the death house.

Chamber Of Commerce Adds 179 New Members; Gerald Anderson Qualifies For Florida Trip

The Gold Rush campaign of Pocono Mountains Chamber of Commerce has added 179 new membership units, increasing the full membership unit strength of the chamber to 700 industrial, mercantile and individual units over and above 178 hotels.

H. G. Sanborn Jr., campaign chairman, hailed the new units just added as "the greatest influx of new memberships in the history of the Chamber of Commerce, a clear indication that the past year's operation has been a sound business investment to these people and many others, if they will but take advantage of a seven and a half cents a day investment for numerous services and sound rewards."

Gerald M. Anderson, executive vice president of Stroudsburg Security Trust Co., won the top membership campaign award with 77 new units. Mr. Anderson's outstanding achievement will give him a vacation in Florida for two people.

The trip includes paid reservation at the Tides hotel in St. Petersburg, Florida and \$100 toward transportation costs for two people.

Second award, four days in New York for two people, including transportation, show and dinner was won by James Parrish, of Line Material Co., with 15 new membership units.

J. Albert Groner ran second with 13 units and Neldon Remy of Penn-Dell Dairy Co., third with 12 new membership units.

Since the start of the sales campaign for new units 14 campaigners have won new hats for selling three or more units in the early stages.

The campaign is not ended, Mr. Sanborn emphasized. He noted that Bob Minch's petroleum division and Bill Clark's public service division had been delayed in getting under way. Both have an extensive list of prospects for new units to be contacted.

"Results up to this time have been most gratifying, but with two or more divisions still incomplete, we look for a great many more new membership units which augurs well for a highly successful program during the next twelve months," Mr. Sanborn said.

Court Refuses To Upset Maragon's Perjury Conviction

Washington (AP) — John Maragon, one-time Kansas City shoe-shine boy who climbed to high White House circles, was all but doomed to jail yesterday by an eight-to-nothing Supreme Court decision.

The high court refused to upset Maragon's conviction for lying in 1949 to a Senate subcommittee investigating "five percenters"—men who sought government contracts for a commission.

The 59-year-old Maragon, who worked for a time as a State department employee, faces a sentence of eight months to two years. Presumably only a presidential pardon or parole could spare him from prison.

In another case the court ruled that top officers of the CIO and AFL must sign non-Communist affidavits under the Taft-Hartley act, if their unions are going to come under the National Labor Relations board (NLRB).

The NLRB had said only officers of separate unions have to sign—not the big labor federation officials. AFL and CIO officials have signed anyhow, since the court case started.

In still another case, the court refused for a second time to review the case of seven Nazis sentenced to be hanged for World War Two atrocities.

Taylor Requests Flexible Controls

Washington (AP) — Chairman George W. Taylor of the Wage Stabilization board told Congress yesterday wage controls should be flexible enough to avoid any slowdown in the nation's huge defense production program.

Hinting at the possibility of new breaks in the government's ceilings on wages, Taylor said it is up to the 18-man wage board to decide whether a general policy change is due.

House Votes Tax Boost On Many Items

Washington (AP) — The House Ways and Means committee tentatively voted a \$614,500,000 increase yesterday in taxes on cars, trucks, cigarettes, television sets and a long list of household appliances.

Contrary to earlier unofficial reports, however, the Federal tax on gasoline was left unchanged at 1 1/2 cents a gallon.

Total prospective additional revenue from the 1951 tax bill now stands at \$6,325,000,000 with several excise tax fields remaining to be explored. President Truman asked for a \$10,000,000,000 revenue increase this year.

The committee voted to raise the cigarette tax from 7 cents a package to 8 cents for an estimated \$177,000,000 additional income. The Treasury had asked for a three-cent hike. An unsuccessful effort was made to exempt economy-brand cigarettes from the increase.

Cigar taxes were left unchanged. If the committee's recommendations become law, the tax on passenger automobiles and motorcycles will rise from 7 per cent at the manufacturers' level to 10 per cent, rather than 20 per cent as Secretary of the Treasury Snyder recommended. This is counted to bring in an extra \$196,000,000 a year.

The manufacturer's tax on trucks and buses would go up from 5 to 8 per cent, for another \$61,000,000. An identical increase in the rate on auto parts and accessories is estimated to collect \$56,000,000 additional.

The committee rejected the Treasury's proposal to increase the 10 per cent manufacturers' excise rate on household electrical, gas and operated appliances to 25 per cent. The base of the tax was broadened to take in the following additional appliances:

Mangles, dish washers, clothes dryers, electric razors, floor polishers and waxes, electric and power driven lawnmowers, hedge clippers, belt driven fans, dehumidifiers, door bell chimes, electric food choppers and meat grinders, electric ice cream freezers, home movie projectors, automatic timing devices, and electric pants presses.

The additional revenue from these items was estimated at \$20,000,000.

The committee voted to hike the rate on radios, television receivers, phonographs, phonograph records and musical instruments from the present 10 per cent to 25 per cent for an estimated \$55,000,000 additional revenue.

The tax writers voted specifically not to tax sewing machines, washing machines and garbage disposal units. The existing 10 per cent tax on refrigerators, quick freezers and air conditioning units was left unchanged.

Revision of the base for taxation of sporting equipment left a prospective \$1,000,000 loss in that category, even though the rate was raised from 10 to 15 per cent. An effort was made to lift taxation from sporting goods principally used by schools. Thus footballs, gymnasium equipment and volley balls would not be taxed, but equipment for such popular sports as golf, tennis, baseball and fishing would be.

In other decisions, the committee voted to:

Extend 20 per cent retail jewelry tax to include cigarette lighters, fountain pens, ball-point pens and mechanical pencils; \$38,000,000 increase.

Exempt baby oil, baby powder and baby lotion from the 20 per cent retail tax on toilet preparations; \$3,000,000 loss. Exempt toilet preparations purchased by barber shops and beauty parlors for use in those establishments; loss \$4,000,000.

Predicts India Loan

Washington (AP) — Sen. H. Alexander Smith (R-NJ) predicted last night the Senate will pass a \$190,000,000 grain-for-India bill on the basis of a 100 per cent loan.

Tiny Plane Crosses Continent In 23 Hours

New York (AP) — A baby monoplane, with a 47-year-old father of nine children at the controls, yesterday finished a storm-buffed, coast-to-coast flight in the fastest time the distance has ever been flown in a light plane.

Max Conrad, the grinning pilot, set his 990-pound craft down at La Guardia field after flying from Los Angeles in a non-official 23 hours, four minutes and 31 seconds.

"I was wondering where all that gas came from during the last eight hours," he said as he stepped to the ground, tired but smiling. "I really did not expect to make it."

11 Navy Crewmen Perish When Collier Rams Tender Laden With Aviation Gas

Norfolk, Va., (AP) — A coal collier rammed a Navy warplane tender with high-octane gasoline off Cape Henry yesterday, and the Navy said late last night that 11 men were killed—all aboard the tender.

Nine of the victims were trapped in the engine room of the tender USS Valcour by blazing gasoline after the Naval vessel collided with the Collier Thomas Tracy.

Naval spokesmen said that salvage crews had been unable to enter four compartments below decks to search.

Violent flames broke out aboard the Valcour immediately when the collision occurred some five miles offshore in the Atlantic.

Sixteen injured Valcour crewmen were admitted to the Portsmouth Naval hospital and Norfolk Naval Air station dispensary.

Of these, one was on the critical list and three others in a serious condition.

Fire also broke out on the Thomas Tracy but was doused quickly. Flames on the Valcour were conquered late yesterday afternoon.

Fifth Naval district headquarters said the collision resulted from a steering and power failure aboard the Valcour. The tender veered across the course of the Tracy and the Collier rammed the Navy vessel amidships.

The Valcour, enroute for operational training in the Atlantic with an overall complement of 227 officers and men, was loaded with 70,000 gallons of aviation gas.

U. N. Sanctions Committee Approves Global Embargo On Arms To Chinese Reds

United Nations, N. Y., (AP) — A global embargo on shipments to Red China of arms and war materials, including material for making atomic bombs, was approved yesterday by the United Nations Sanctions committee.

The vote was 11 to 0 with Egypt abstaining.

The measure goes to the 60-nation Political committee of the United Nations General Assembly for action Thursday morning. It is certain to meet a hot reception from the Soviet bloc and perhaps from the 12-nation Asian-Arab group but its final passage by the General Assembly appeared assured.

The countries voting for the embargo, which was urged by the United States, were: U. S., Britain, France, Australia, Canada, Belgium, Brazil, the Philippines, Turkey, Mexico and Venezuela. Two other members of the committee, Burma and Yugoslavia, refused to serve when the 14-nation group was established by the General Assembly last February 1.

Even though the committee, technically called the Additional Measures committee, approved recommendations for an arms embargo, American Delegate Ernest A. Gross said the U. S. and others expected the U. N. Good Offices committee to continue attempts to negotiate peace in Korea.

Peiping so far has ignored the committee and an informed source said yesterday there is no sign yet that Communist China is ready to talk.

Hospital Fire Brought Under Control Quickly

Jackson, Miss., (AP) — A fourth floor fire last night threatened one wing of Baptist hospital, the city's largest, but 45 minutes after the alarm was sounded firemen said it was under control. There were no injuries reported.

The blaze broke out between the ceiling and roof of the old north wing, original building of the group making up the institution.

The fourth floor was vacant and no patients were endangered, although Fire Chief McDonald said patients on the third floor were removed to escape water which dripped through their ceilings.

The first alarm was turned in at 6:58 p. m. A short time later the state highway patrol, which was asked to help control traffic in the area, said it was reported as a "major fire."

Every piece of firefighting equipment in the city was reported rushed to the scene.

Crowe One Of 11 Senators Opposing Bill

Harrisburg (AP) — The Republican Senate caucus rejected Gov. John S. Fine's income tax bill last night in a major administration setback.

Only 17 of the 30-member GOP majority voted to support the hotly disputed measure, designed to raise \$119,000,000 in the next two years by a one-half of one per cent tax on personal income.

Eleven Republican senators—including Montgomery F. Crowe (R-Monroe)—opposed the bill. Their votes, plus the 20-vote Democratic minority, were enough to defeat the House-passed bill should it be called up in the Senate for a vote.

The Senate later voted unanimously to return the measure to the Senate Finance committee. Whether the administration would continue its efforts to line up enough votes to insure passage later on was an unanswered question.

Should the income tax bill die in committee, the administration would have to start from scratch in welding together an entirely new tax program.

The mid-June adjournment date discussed by lawmakers might have to be advanced far into the summer.

The list of 11 GOP senators who turned in against the bill reportedly included Sen. John M. Walker, Republican floor leader, who has differed with the Governor during this session. Walker declined comment on his stand in the caucus.

The income tax measure traveled a rocky road from the time the Governor submitted it early in April. The House first defeated it, but then revived it on a parliamentary reconsideration motion and passed it on the second vote by a narrow margin.

The Senate GOP caucus, after debating the income tax bill for more than two hours behind closed doors, voted to return it to committee. That is a parliamentary move, which sometimes means eventual death of a bill. Technically, before the caucus action, the measure was up for debate last night and a vote today.

Sen. T. Newell Wood (R-Luzerne), chairman of the Senate Finance committee and Fine's top aide in the upper chamber, declined to comment on the bill's ultimate fate in the Senate.

"They voted against the bill," he told a newsmen. "That just shows how poor a politician I am."

Wood and Sen. M. Harvey Taylor (R-Dauphin), Republican State chairman, spearheaded the administration's efforts to clear the income tax bill through the GOP caucus.

Underlining the administration's attempt in the direction was Taylor's departure from a hospital bed to be on hand for the caucus. Taylor, who suffered knee and wrist injuries in a fall here two weeks ago, hobbled about with a cane.

Sen. James S. Berger (R-Potter), GOP caucus chairman, said the GOP majority made no plans to reconsider the bill in the future.

The 20 Democratic senators were solidly against the measure. The 30-vote GOP could afford a defection of only four of its senators to pass the bill.

Democrats were elated at the failure of the GOP caucus to support the income tax bill.

Sen. William J. Lane (D-Washington) said the Republicans were "convinced by the Democrats of the inequities that exist in this legislation."

Judge Foley Dies

New York (AP) — Bronx County Judge Samuel J. Foley, 61, who was an assistant district attorney was active in the prosecution of Bruno Richard Hauptmann, died yesterday. Hauptmann died in the electric chair for the fatal kidnapping of Charles A. Lindbergh's son.

The extra fuel and radio equipment that Conrad carried weighed more than the plane itself, making the total at the start slightly more than 2,000 pounds.

But he got here with enough fuel for about five more hours flying time.

Two other lawmakers—Sens. Charles R. Mallory (R-Blair) and George B. Stevenson (R-Clinton)—reportedly remained silent during the vote.

Frost Felt In Region

There was frost on the newly-planted tomato plants early yesterday, but Weatherman Michael Hannon assures gardeners in the Stroudsburg area that it won't happen today.

The low yesterday was 30 and the high was 73, leaving a variance of 43 degrees between the maximum and the minimum, and giving a mean of 51. Humidity was only 18 percent, however, and wind velocity was a scant five and six miles per hour.

More air masses from the south are headed this way, however, and the outlook for today is clear, sunny, and warm with the thermometers hitting the eighties, no doubt.

Hannon's weather map also indicates continued fair and warm forecast for Wednesday.

5 Defendants Enter Pleas To Charges

Five defendants pleaded guilty to separate charges in Monroe county court yesterday, and all were sentenced to pay fines ranging from \$5 to \$300.

Among those whose cases were held for jury trial was Edward Roy Scholl, Muhlenberg College student charged with wounding a human in mistake for game as a result of a hunting accident in Middle Smithfield township during the 1950 deer season.

Scholl allegedly injured an Emmaus woman also hunting in the region when he discharged his hunting weapon twice in her direction. One of the shots reportedly hit the woman, giving her a flesh wound.

District Attorney Detleff A. Hansen said last night that the case against Scholl will be the first criminal case to be tried to day after trial court commences at 9 a. m. The charge against Scholl was preferred by Game Protector John Dooling, of Stroudsburg, in whose district the alleged wounding took place.

He was also fined \$5 and required to enter into security to the amount of \$300 to assure faithful compliance with the court's order.

Frank F. Singer Sr., N. Ninth St., also appeared yesterday and pleaded guilty to driving a motor vehicle while under suspension. He was ordered to pay costs and a fine of \$100 for the use of Monroe county in installments of \$5 per week.

Council Lets Contract For Fire Truck

Bangor — Borough council last night awarded a contract for the purchase of a new fire truck for the Liberty Fire Co. to the H&H Co., Jersey City, N. J., for \$12,500.

Arrangements were also made to amend the budget for this expenditure accordingly. The truck will be delivered within 90 days.

Council voted to advertise for bids for sidewalk construction on upper Market St., from the Cutturo property to Bangor park. This is a distance of 140 linear feet.

The job totals 7,070 square feet and in this connection the street committee reported the State Highway department will blacktop the road next to the curb to provide the gutter.

John Farleigh presided at the adjourned session. All members were present except Charles Dietrich and Pat Cinelli.

Grand Jury Returns Nine True Bills, Ignores Three Other Indictments At May Term Of Court

The May term Monroe county grand jury, comprising 14 women and five men, yesterday reviewed 12 indictments here, returned nine true bills and dismissed the three other defendants.

The GOP floor leader first differed with Fine on the question of whether public hearings should be held on the income tax. Walker later hired a private accounting firm to go over the budget despite the Governor's objections.

The executive issued a statement

at the time chastising the floor leader without mentioning him by name.

Fine, however, declined all comment on the new development. As soon as word of the caucus action reached him, the Governor cancelled appointments for the remainder of the day and left the executive offices.

The Governor has repeatedly told the Legislature that the only alternative to an individual income

tax would be a sales tax. The Fine program also called for increasing the four per cent corporate net income tax to five per cent for another \$44,000,000 to round out \$163,000,000 he said was needed to balance his \$1,220,000,000 budget for the next two years.

After returning the personal income tax bill to committee, the Senate went on to advance the corporate net income tax bill into a position for a final vote today.

Final action also was scheduled on the remainder of the Governor's tax program, including proposals

to make permanent the temporary aspects of the 10 per cent liquor tax, the cent a pint beer tax, the four-cent a pack cigaret tax and the 14-mill gross receipts tax on public utilities.

It was also disclosed that a settled verdict will be taken in a trespass action brought by Claire Specht against Ethel Fenwick, doing business as Madame Fenwick.

Heavy Trial Schedule To Mark Session

A heavy trial schedule for the May term of Monroe county court loomed as a possibility last night after the grand jury returned nine true bills.

Even after settlements were announced in several civil suits yesterday, there were still 12 civil cases marked for trial. Of the original 38 cases on the May civil list, 20 have now been continued, four have now been settled, one has been stricken, another is still "open," and 12 are marked for trial.

Clerk of Courts Claude E. Metzgar pointed out that the 12 suits remaining on the civil list "will probably diminish" today or tomorrow as the court is occupied with the nine criminal cases.

He referred to last-minute settlement moves to continue, which regularly cause great shrinkage in the civil trial list during the first two days of trial court.

Cases settled yesterday were Charles J. Vogt and Sons vs. D. J. Awad, assumpsit; and Penn Janitor Supply Co. vs. Daniel F. and E. J. Mulligan, co-partners trading as Pocono Lake hotel, and other assumpsit suits.

It was also disclosed that a settled verdict will be taken in a trespass action brought by Claire Specht against Ethel Fenwick, doing business as Madame Fenwick.

Woman's Club Ends Year With Summary And New Officers

Summarizing the work of her administration, Mrs. Eugene Martin yesterday afternoon presided at her last meeting as president of the Stroudsburg Woman's club at the Stroud Community House and at the conclusion of the meeting turned the gavel over to Mrs. George T. Robinson who was yesterday elected president of the club.

The Well-Baby clinic, Red Cross service, international club service, dolls for the Salvation army, offers of assistance in the Pocono Servicemen's canteen and assistance with the coming X-ray program were some of the special projects of the club during the past year.

Over the two-year period the club also donated \$700 to charities, maintained the community house, and gave freely of personal service. The membership, limited by the capacity of the club rooms, has remained at full strength, Mrs. Martin reported, and announced the awards won by the club at the state convention, previously named here.

Final project of her administration was the club history from 1914 to 1949 compiled by Mrs. W. Dolby Palmer, Mrs. A. Greenwald Gearhart, and Mrs. Howard Eckert from histories of each administration written by the past presidents.

Mrs. Martin presented complimentary copies to those three as well as to Mrs. John A. LeBar, who wrote the history of the community house; and the past presidents, who in addition to Mrs. Palmer, first president, included Mrs. E. H. Calkins, Mrs. T. F. Rhodes, Mrs. R. W. Staden, Mrs. C. C. Scholla, Mrs. Howard DeNike, Mrs. J. E. Arnold, Mrs. Foster Minnich, and Mrs. W. A. Erdman. Mrs. Harold C. Edwards who wrote the history of her mother's administration was also given a complimentary copy as well as others who helped with the edition.

Helen Stevenson West, a costume designer for the Philadelphia Opera co. and member of the faculty of the Philadelphia Museum School of Arts, was the guest speaker and gave a running commentary on what goes on behind the scenes in costuming an opera, enlivened by her imitative report on the characters of singers, stage managers and "supers".

Final act of the meeting was the election of officers most of whom are shown above. Mrs. LeRoy J. Koehler presided at the election, and Mrs. Howard Eckert gave the report of the non-litigating committee.

Punch and cookies were served from a blue-decked table by the hostesses, of which Mrs. Arthur Helmes and Mrs. Elwood Hintz were chairmen.

A fine art exhibit had been arranged by Mrs. Elwood Grant with items from Holland and Germany including Hohenzollern china coffee cups, Nietlachs beer steins and wooden bowl from Germany from Mrs. Grant's collection; Dresden candlestick and a Meissner goldleaf bowl by Mrs. Eli Travis; a German silver water pitcher by Miss Miriam Lark; a handmade bedspread 101 years old by Mrs. B. K. Williams, and homespun linen raised, woven and spun by Mrs. Van D. Yetter's aunts.

Red Sox Edge Senators In Eleven-Inning Struggle As Coan Drops Easy Fly Ball, 8-7

Washington, (AP)—The Boston Red Sox beat the Washington Senators, 8-7, in the eleventh inning yesterday when Gil Coan, Senator leftfielder, dropped a fly ball that would have been the third out.

The ball, off the bat of Boston Catcher Matt Batts, drifted out lazily, and for a time it looked as if Shortstop Sam Dente would make the catch. Coan called for it instead.

Life of Riley

Sports Editor

Reports from those working hard on next week's testimonial for T. Manning "Cap" Curtis indicate that things aren't going quite as they should at this time. It was learned yesterday on good authority that tickets and no money are being returned to the group backing the banquet planned for the Veterans of Foreign Wars club a week from Thursday. The estimated crowd of 200 seems to be a long way from that figure at the present time.

Those backing the banquet want it to be known that it isn't open to athletes alone, but rather to anyone in Stroudsburg or who has had any connection with Stroudsburg High. Present athletes at Stroudsburg are also welcome at the dinner. Tickets are on sale at the High school and can be purchased from almost any teacher at the W. Main St. school, any time between now and the day of the banquet.

Reports of another nature were being heard around Gordon Giffels field on Sunday, while Pocono A. C. took the measure of East Bangor, 1-0, in a game that still has the fans of this area talking baseball. Talk making the rounds of the bleacher and grandstand customers indicate that a few would like to contribute to the support of the local baseball club. However, they claim that they haven't been contacted by any representative of the organization.

However, I would like to point out at this time that the A. C. contingent hasn't the personnel to make the rounds of every store or person in Monroe county and naturally will miss a few dollars along the way, but anyone wishing to donate to the club may do so through any of the players or through Fred Hershey, general manager of the organization. If anyone would like to mail contributions to the club, this column would gladly forward the letter to Hershey.

Speaking of Pocono A. C. brings to mind the fact that the local Blue Mountain league entry seems to have pleased the fans of Monroe county more than most people thought possible a few weeks ago. At the beginning of the present campaign everyone figured the A. C. forces would be too strong for the remainder of the circuit, but the manner in which East Bangor battled the Giffels field tenants on Sunday knocked that idea from the heads of each paying customer. I think the club will make a go of it all right this season if it continues to draw approximately 300 people to the park for afternoon and twilight contests. However, if the team does follow through with its present plans for night baseball, the crowds will have to be considerably larger to balance the added expense.

As made public in yesterday's sports section, the Stroudsburg Poconos had the best attendance figure in Pennsylvania last year, in relation to population, according to a survey made recently by Dr. Roger B. Saylor, Penn State economist. However, I want to point out quickly that this picture isn't as bright as it may seem on the surface, as the population of Stroudsburg and East Stroudsburg combined totals somewhere in the vicinity of 13,000 during the winter months, but during the summer population figures of this area more than double.

The outlying sections of Monroe county also contribute to the drawing power of a local club and with all angles considered, the attendance at Gordon Giffels field was actually lousy instead of good as the professor might lead one to believe. Regular season attendance last year totaled 23,160 paid admissions which certainly would support a class "D" ball club for a full season. Last year the Poconos averaged something like 330 paid customers per ball game.

Carbondale and Hazleton were the only clubs in the North Atlantic league to show an increase in attendance last season and they were the only two clubs ready to answer the starting bell this year, if the North Atlantic circuit would have went to the post once again. Averages and ratios are great things for the figure-fiberists to fool around with, but it's a fact that it costs as much to operate a team in a small town as in a larger community, if they both operate in the same classification.

Dale Melms, right handed hurler with the Poconos in 1949, won two games for the Wilkes-Barre entry in the Eastern league last week. The sore arm that has troubled Melms all spring must be responding to treatment. Alden "Red" Fetherman, star hurler for Stroudsburg High school, will join Pocono A. C. on Sunday, as the Mountaineers complete their campaign on Thursday, at Slatington. Ray Steele will join the same club next Sunday, following the final East Stroudsburg High school game. Doug Schoonover held down left field for the A. C. club on Sunday, despite a bad charley horse which has bothered him in recent weeks.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out a word or phrase. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Barrett Captures Division Crown, 6-5

Three-Run Rally Sinks TTHS Hopes

Canadensis — Barrett High school clinched the northern division championship in the Monroe County league yesterday by taking the measure of Tobyhanna Township, 6-5, on the strength of a three-run rally in the bottom of the seventh and final stanza.

It appeared for many moments as if TTHS was going to move into a first place tie as Norman Lewis and Murlin May drove home runs into center field as the visiting contingent came up with four runs in the first frame and added a singleton in the third.

However, Barrett fought its way back into the ball game with one run in the third, two in the fourth and three in the seventh.

Paul Gravel singled to open the seventh and went the remainder of the distance on a three-base error by Hawk. Bruce Motters was awarded first base on interference and Dick Landi drew a walk. Bill Seig was safe on an error and the sacks were filled. Ed Wicks looped a ball over the infield, but Motters was thrown out at the plate, as the Barrett first baseman had to see if the ball was going to be caught before racing home.

However, Francis "Dinge" Ehrgood, Barrett pitcher, doubled to admit two runs and win the ball game.

Pirates Reduce Roster By Sending Pettit To Farm Club

Pittsburgh, (AP)—The Pittsburgh Pirates cut their roster to 28 players yesterday by optioning bonus Southpaw Pitcher Paul Pettit to Indianapolis of the American Association and handing rookie Shortstop Robert "Whitey" Thomson his outright release.

Thomson, who was drafted from the Rochester Royals goes back to that International league club. He hasn't played in a single Pirate game.

Army Bound
Pettit, who already has taken his draft examination, is expected to be summoned to Army duty soon.

The Pirates signed the bonus baby left handed for a reported \$100,000 in 1950. In two and two-thirds innings for the club this year, he gave up one run and two hits. Pettit spent last season with New Orleans in the Southern Association, winning two and losing seven.

Meyer Enters Hospital

Pittsburgh, (AP) — Manager Billy Meyer of the Pittsburgh Pirates entered Presbyterian Hospital yesterday for a physical checkup.

Meyer has complained of stomach pains since he was laid low by the flu in New York. In his absence, the team will be directed by Coach Milt Stock.

Yankees Swap For First Sacker

New York (AP)—The New York Yankees last night sold veteran third baseman Billy Johnson to the St. Louis Cardinals for an undisclosed amount of cash and first baseman Don Bollweg.

While no price was given, the amount was believed to be \$15,000—\$5,000 over the customary waiver price. The Yankees had obtained waivers on Johnson from the other seven American league clubs.

Bollweg, a six-foot-one left-hander, will report to the Yankees' Kansas City farm club in the American association.

March 21 to April 20 (Aries)—Better rely on past experience, others' knowledge likely. Keep the facts, bank on sound information only. Be wary of gilded schemes.

April 21 to May 20 (Taurus)—An authoritative attitude, yes, but only if you are entitled to it and know you are right. Anyway, be also tactful. Thus cooperate, be friendly for top results.

May 21 to June 20 (Gemini)—Some unfriendly periods likely now. Pride can well be submerged in the general interests of the emergency. Conditions can create benefits as well as adverse differences.

June 21 to July 20 (Cancer)—Days' outlook about the same as for Gemini; your formula of operation also. Study well, move sufficiently slowly and don't think you are the only one in any "rough" situation. Faith!

July 21 to August 20 (Leo)—Proper outlook, even if day is less generous than you would like, can pull you through to gains. Complimentary manner, sensible direction is what day needs from you, Leo.

August 21 to September 20 (Virgo)—Have you grasped strategic need of more concentration on immediate matters, the values of congenial relationships? Stress today's needs today. Do more to help yourself succeed.

September 21 to October 20 (Libra)—Have your problems in convenient filing for ready reference early. Clear deck of all needless clutter. You really expect to cope with things and bring about good results.

October 21 to November 20 (Scorpio)—No need to go gunning for hard tasks, extra work, you will have all you wish today, this week. Stars advise more caution and patience for most endeavors. Tread easily.

November 21 to December 20 (Sagittarius)—May be asked to assist in schemes of questionable character—DON'T! Regarding loans, be sure you can afford before agreeing. News may be of assistance helping you solve things.

December 21 to January 20 (Capricorn)—Some contradictions may tend to confuse. Be wary of those who exaggerate or readily follow others' statements. Be a careful judge in all instances and protect money, business.

January 21 to February 20 (Aquarius)—Hollow in spots for financial issues and new tries. Lean towards routine, familiar matters for security's sake. Study facts, find them before acting. Otherwise generally good prospects.

February 21 to March 20 (Pisces)—A big change now for the good you capable natives of Pisces can achieve. Manufacturing, shipping, promotion work and most business tries sponsored by you, Pisces, will be successful. YOU! BORN TODAY! Are blessed with many fine qualities, including the will to win, keen perception and practical sense. Be aware also that you often are over-persistent and are likely when victory is in sight, to become stubborn. Take sensible care of throat; check appetite.
